

# Go!Spa ... where friends gather

To Our Clients,

It is with great sadness to announce, that after 13 years Go!Spa will be shutting its doors. This decision was one of the most difficult for me to make. A lot has changed in the last few years of business and unfortunately has driven me to ultimately make this decision.

Unfortunately, business has declined and our overhead has increased. The cost of supplies, rent and other expenses have been outweighing our sales and we can't continue to operate losing money each month. Although we have an extremely talented staff in place, in recent years it has been difficult to find new talent to add to our team. This has made it incredibly hard for us to stay fully staffed and available for our business to grow.

We will be closely working with our staff to make sure they find a new spa or salon home. We will miss seeing their faces everyday and can't thank them enough for their hard work and dedication through the years. We want to make sure that you are able to follow them in their future adventures and will make every effort to let you know where everyone ends up via email and social media.

Another factor for this decision comes from the personal side of my life. My husband has been battling cancer since 2017. He was diagnosed and treated but the promise of the cancer returning was inevitable. In November 2018, the words cancer came back into our lives. We found out that it had returned in multiple places making treatment slightly different this time around. Unfortunately his body has not been positively reacting to the immunotherapy and doctors have ultimately discontinued his treatment for now. We are optimistic that he will be able to continue treatment once his body takes some time to heal, but his road ahead is unknown. With this recent news, I feel that I need to be with my husband as he fights his way through the next chapter.

Our last official day of business will be Saturday, June 1st. Please be on the lookout in the next couple of weeks for an invite to our last day celebration. We would love to see everyone one last time and celebrate with cocktails and snacks. We will be transitioning our boutique to an online platform after we close the store in June. We will be offering clothing, accessories and jewelry for sale on our website.

I will greatly miss all of our clients who we have gotten to know and love as family over the years. We know that Go!Spa has become a second home for many and we truly appreciate your love, loyalty and support.

*Love,*  
**Lisa**
